PROFILE

Senior Software Engineer and Development Lead with **7+ years of experience** building enterprise software, automation solutions, system integrations, and workflow platforms.

Strong background in **software architecture, backend development, business process automation, data analysis, and AI-driven solutions.**

Combining software engineering experience with formal training in **Data Science and emerging AI technologies**, including **GenAI, AI Agents, RAG, MCP, and intelligent automation.**

Experienced in leading technical initiatives and transforming complex business requirements into **scalable, maintainable, and efficient systems.**

EXPERIENCE

Gexterra SAS — Software Development Lead / Senior Software Engineer

Nov. 2022 – Present

- Lead development and architecture of enterprise software and workflow solutions.
- Design process automation, APIs, integrations, and business-critical systems.
- Technical leader and key contributor to KUYN, evolving its process engine and automation capabilities.
- Apply GenAI, AI Agents, RAG, MCP and n8n to software and process automation initiatives.
- Lead technical decisions across backend, frontend, databases, integrations, testing and deployment.

Gexterra SAS — Software Development Engineer

Feb. 2020 - Nov. 2022

- Developed enterprise applications, APIs and integrations.
- Built solutions using **Laravel, Angular, PHP, JavaScript and Oracle.**
- Improved application performance, maintainability and operational processes.

Ingeniero Desarrollo de Software | Zippytech SAS | Tachira

Dic. 2019 - Feb. 2020

Líder de Testing | Analista y Monitoreo de datos | Zippytech SAS | Tachira

Nov. 2018 - Dic. 2019

TECHNICAL SKILLS

AI & Automation

GenAI · AI Agents · RAG · MCP · n8n · RPA · BPMN · DMN

Backend

Python · PHP · Laravel · Node.js · Java · Spring Boot · Symfony

Frontend

Angular · JavaScript · HTML · CSS · SCSS

Databases

Oracle · PostgreSQL · MySQL · NoSQL · Redis

Architecture & Engineering

Software Architecture · APIs · System Integration · Workflow Automation · DevOps · Automated Testing

Leadership

Technical Leadership · Agile · Team Leadership · Process Optimization

EDUCACIÓN

Diploma in Data Science Universidad del Rosario — Colombia	2026
B.Sc. in Computer Science / Information Technology Instituto Universitario de Tecnología Agroindustrial	2019
Higher Technical Degree in Computer Science Instituto Universitario de Tecnología Agroindustrial	2016

LANGUAGES

Spanish: Native	English: Intermediate
